Emergency/Earthquake Kit

An emergency kit is a one-gallon, plastic Ziploc
bag that is stored in the classroom and will be
used in the event of a natural disaster or a
prolonged lockdown. Items cannot be heated
up so please choose foods that can be eaten
cold. If food items are canned, they need to
have "pop tops". Everything needs to fit in
one, large Ziploc bag.

Emergency kits should include these items:

16 ounces of juice or water
Plastic eating utensils
Space blanket
Napkins or wipes
Large garbage bag (to be used as a poncho in
case of rain)

**The following are examples of food that you
might include:**

Granola bar, cereal, peanut butter & crackers,
cheese & crackers, tuna & crackers, Vienna
sausages, fruit cup, pudding cup, applesauce
cup, raisins, fruit roll-up, candy bar, etc.

Optional items:

Light stick
Disposable hand warmer
Family picture and a note reassuring your
student that everything will be all right and
the family will be reunited soon.

*****Emergency kits are sent home at the end
of each year so that food and drink can be
replaced.****
